

## GAMES OF THE WEEK.

## Yale's Eleven Pushed—Close Contest with the Indians.

YALE 16, WESLEYAN 0.

Coming directly after the well-played game between Yale and Dartmouth, the Yale-Wesleyan game which was played on Wednesday, October 21, was an unpleasant surprise, if not actual disappointment. Two twenty-minute halves were played and the snappy work on the part of Yale, so manifest the week before, was not so marked. Long runs were the order of the day, with now and then an exchange of punts. Yale's small score was due in part to the strong defensive work by the Wesleyan visitors, the Young brothers showing themselves especially skillful at breaking up Yale's interference around the ends. They assumed a kneeling position which enabled them to dodge the interference and then "nail" their man as he went by.

Goodwin and Benjamin showed good speed and dodging in their several long runs, and Hinkey was especially effective in bucking the line.

In the first half after an exchange of punts and some small gains, Benjamin, by a run of fifteen yards, placed the ball on Wesleyan's five-yard line, where the ball was held and finally lost on downs. The ball was kicked out of danger but the same tactics were repeated and Hinkey finally carried it over for the first touchdown, and immediately kicked the goal.

In the second half, the first touchdown was made by Goodwin, who ran for thirty yards around left end. For the third and last touchdown, Rodgers and Hinkey advanced the ball twenty yards. Benjamin made a run of twenty-five yards, and Goodwin again crossed the line, by a pretty jump. No goal was kicked. The summary of the game follows:

YALE 12, CARLISLE INDIAN SCHOOL 6.

The long looked-for Yale-Indian School game was played on Manhattan Field, New York City, Saturday, October 24th, in the presence of three thousand spectators, many of whom were ladies. It proved the most exciting game played by Yale this season. Rain poured down early Saturday morning and prospects were forbidding, but by afternoon the sky was perfectly clear and the ground was springy without being slippery.

A strong, bracing wind blew from the West and Yale on winning the toss-up, chose the western goal. On the kick-off Capt. Pierce sent the ball to within five yards of Yale's goal. Mills caught it and was not downed until he had dodged half a dozen men and carried it back thirty yards. After a few downs Yale kicked and the Indians obtained the ball on their thirty yard line. On the second snap-back McFarland (Carlisle) was given the ball and started with interference around Yale's left end. The latter was turned in, and McFarland found himself free with only Chauncey to stop him. He ran diagonally by Chauncey, who missed him on the tackle, and he started full speed for Yale's goal. Ely gave him a hard race and probably would have pulled him down had he not stumbled. A clean touch-down was made and goal was kicked. The score stood 6-0 against Yale.

On getting the ball from the kick-off Yale rushed it right down the field without losing it once, and Chauncey

was pushed over for a touch-down. He also kicked goal and the score was tied. Yale repeated her tactics after the next kick-off and by beautiful gains by Rodgers, the ball was brought to the five-yard line. From here Chauncey went over for Yale's second touch-down and a difficult goal was kicked, making the score 12-6. The first half ended with this score which was not altered during the remainder of the game.

The second half was marked by persistent line-bucking by both sides, the ball being kept well in the Indians' territory. Capt. Pierce of Carlisle fell back repeatedly for kicks, which were blocked in several instances by the Yale rushers. Murphy retired with a bruised shoulder and Goodwin was substituted for Van Every.

With but five minutes of play left, the ball went to the Indians on their twenty-yard line. Jameson was given the ball for a center play and the two lines closed up. Referee Hickok blew his whistle for a down, but Jameson apparently had not been stopped, for he broke through, dodged Van Every and Chauncey, who attempted to tackle him and planted the ball squarely between Yale's goal posts. This was the signal for great yelling on the part of the Indian sympathizers and for much hissing when the Referee called him back. Some discussion followed but the decision was enforced. The line-up was as follows:

YALE 12.	CARLISLE 6.
Bass, l. e.,	r. e., Miller
Rodgers, l. t.,	r. t., Morrison
Chadwick, l. g.,	r. g., B. Pierce
McFarland, c.,	c., Lone Wolf
Murray, r. g.,	l. g., Wheelock
Murphy, (Alport), r. t.,	l. t., H. Pierce
Hazen, r. e.,	l. e., Jameson
Ely, (Fincke), q. b.,	q. b., Hudson
Mills, l. h. b.,	r. h. b., (Seneca), Cayou
Van Every, (Goodwin), r. h. b.,	l. h. b., McFarland
Chauncey, f. b.,	f. b., Metoxen

Touchdowns—Mills, Chauncey, Cayou. Goals from touchdown—Chauncey (2), B. Pierce. Referee—W. O. Hickok of Yale. Umpire—J. A. Hartwell of Yale. Linesmen—Young and Keator of Yale. Time—Halves, twenty-five and twenty minutes respectively.

## The Freshmen Win.

The Freshmen team defeated the eleven of the Waterbury Y. M. C. A., at Waterbury on Saturday, Oct. 24, by the score of 24-4. The game was loosely played and uninteresting. Hubbell and Phillips did the best work for 1900. The Freshmen did all their scoring in the first half, the Waterbury line holding strong in the second. Waterbury scored also in the first half but failed to kick the goal. The make-up of the Freshmen eleven was as follows: Hubbell, l. e.; Francis, l. t.; Marshall, l. g.; Wickes, c.; Leary, r. g.; Greenway, r. t.; Green, r. e.; Sullivan, q. b.; Luce and Douglass, l. h.; Phillips, r. h.; Brinley, f. b.

## ENGLISH STROKE PREVAILS.

## Sophomores Win the Fall Regatta. Record Lowered 12 Seconds.

The annual Fall regatta took place at Lake Whitney on Saturday, October 24th. The weather was clear and the day was ideal except for a strong wind blowing from the West. A large crowd witnessed the races.

The Ninety-eight crew, in pursuance of the English method of rowing, shaved down their oars an inch, two days before the race and used a much longer body swing than any of the other crews. These tactics proved very successful, as they won their race easily, and in the finals lowered the record over the course by 12 seconds.

The first race was between Nineteen-hundred and Ninety-nine Sheffield. Nineteen-hundred led slightly at the start, but a misunderstanding of the course caused a change of position and the Ninety-nine Sheffield crew succeeded in winning by a yard. Time, 4 minutes 53 seconds.

The second race between Ninety-eight and Ninety-nine, resulted in an easy victory for Ninety-eight, who led throughout and finished a length and a half in the lead. Time, 4 minutes 53 seconds.

The final race between Ninety-eight and Ninety-nine Sheffield, was won by Ninety-eight by two lengths. Ninety-nine Sheffield allowed a handicap of two lengths in this race. Time, 4 minutes, 18 seconds. The make-up of the Ninety-eight crew was as follows: Stroke, D. F. Rogers, 175 pounds; No. 7, F. S. Crane, 168; No. 6, P. Whitney, 173; No. 5, A. C. Ledyard, 162; No. 4, H. B. Wilcox, (Capt.) 160; No. 3, E. H. Brewer, 164; No. 2, R. Hitchcock, 173; bow, J. McLaughlan, 165; coxswain, F. Kernochan, 110; average weight, 167 1-2. The make-up of the other crews was published in the last issue of the Weekly.

## Outlook for Fall Track Games.

The annual Fall handicap games of the Yale University Track Athletic Association will be held at the Field next Saturday afternoon, October 31st. The following will constitute the program: 100 and 220 yards dashes, one mile and half-mile run, high jump, broad jump, pole vault, two-mile bicycle race, mile walk, 440-yard run, 120 and 220 yards hurdles, and an interclass relay race. All these events except the last will be handicap.

Several of the old men are showing up well in their work this Fall. R. W. Burnet, Jr., '97, seems to have regained his old time speed in the sprints. E. C. Perkins, '98, and F. T. Vanbeuren, '98, are taking the high hurdles easily. D. C. Byers, '98, and G. S. Chappell, '98S., too, should win points this year in the short distance races. The pole vault and the two-mile bicycle race will be well contested as the men training for these events are all good performers. D. F. Buckingham, '98S., and B. B. Hinckley, '97, will be scratch in the mile and half-mile, respectively, and both these races should furnish close finishes. All the fast middle distance men in the College will compete in the inter-class relay race, which will be the last event of the day.

Among the new men who are expected to do well in next Saturday's races the following deserve mention: E. H. Owen, '97S., H. C. Drew, '97S., I. G. Waite, '97S., G. Clark, 1900, R. G. Clapp, '99S., C. J. Gleason, 1900, F. Cheney, 1900, B. Johnson, 1900, S. G. and H. M. Pointer, 1900, C. C. Conway, '99S., and R. M. Graff, 1900.

There will be an extra effort this year to put a good University relay team in the field, and with Garvan, '97, Foster, '98S., Gerard, '97, B. Johnson, 1900, Boardman, '97, Byers, '98, Noyes, '97S., J. Wear, '99, Cheney, '98, Johnson, Jr., '99, and Luce, 1900, to choose from Yale should be well represented.

## Work of the Freshman Team.

The Freshman football squad has been at work for nearly a month, and is showing signs of considerable improvement. At the first call for candidates, eighty-nine men responded, thirty-eight for positions back of the line and fifty-one for positions in the line. The number has now been reduced to about thirty.

Some of the material has proved to be very good, but the difficulty with most of the men is their lack of experience. The team as a whole has a fair amount of snap and vim, but is very ragged in team plays. The backs especially are slow in getting started around the ends, and are apt to be hindered by the interference.

At center, Wickes and Miller are the most promising men. Both prepared for college at Andover, where they gained considerable experience. Marshall at guard, is one of the best men on the team. He is quick and runs well, but tackles high and is apt to stay out of plays. Greenway is the most promising man for tackle. He tackles hard and low, and breaks through well. Green, Eddy and Hubbell fill their position of ends fairly well. They are slow in getting down the field on a kick, and are apt to be knocked off by interference. Behind the line, Douglass is a fairly good man. He runs well but does not follow his interference. Luce goes through the line well and hard, but is very poor in interference and runs slowly. Phillips is a fast runner, and a hard man to down, but does not follow his interference at all and tackles poorly. Brinley, fullback, is a fairly good punter, but is apt to fumble in catching kicks, and is very weak on the defensive. He bucks the line with body too erect.

Goodwin, 1900, Durston, '99S., and Allen, 1900, started with the Freshmen, but have since been transferred to the University squad. They all came from Andover, where they obtained considerable experience, playing halfback, guard and sub-tackle respectively.
