

AT OTHER COLLEGES.

Mr. Lehman to Coach the Harvard Crew—Princeton News.

On last Friday evening the Republican College League held its parade in Boston. Besides companies from Harvard, Tufts, Boston University and the Institute of Technology, various suburban Republican clubs participated. The Harvard section of the procession was headed by the College band, and marched in the order of the classes, followed by divisions of the Law, Medical and Dental Schools. The College classes were in uniform and carried torches and transparencies. A. Scott, '97, acted as chief marshal and J. Dean, '97, as head marshal of the Harvard division.

The parade of the Sound Money Club took place Monday night and was composed entirely of college men. The uniforms used in the Republican parade were worn and transparencies were carried indicating Harvard's allegiance to the cause of sound money and her disdain for Bryan. A bicycle squad formed part of the parade.

The election returns were received Tuesday night at the Harvard headquarters in Horticultural Hall in Boston. Special wires were run to the hall for the occasion by the Western Union and Postal Telegraph Companies. Between bulletins the Harvard Bohemian Orchestra and Glee Club played and sang.

On October 28th the Harvard University eleven was defeated by a team composed of Harvard graduates by a score of 8 to 5. The defeat is partially accounted for by the fact that the Graduates, many of whom had been coaching the Harvard eleven, knew the signals used by them. The line-up was:

HARVARD.	GRADUATES.
Lewis, l.e.,	r.e., Brewer
Sargent, l.t.,	r.t., Newell
Bouve, l.g.,	r.g., Wilson
F. Shaw, c.,	c., Russell
N. Shaw, r.g.,	l.g., Doucette
Merriman, Swain, r.t.,	l.t., Waters
Moulton, r.e.,	l.e., Hallowell
Beale, q.b.,	q.b., Garrison
Cozzens, l.h.b.,	r.h.b., Curtis
Dunlop, Hurley, r.h.b.,	l.h.b., Hayes
Brown, Dibblee, f.b.,	f.b., Crane

The Board of Overseers has named the following athletic committee for this college year: Faculty members—Joseph Henry Beale, Jr., Ira Nelson Hollis, Edward Hickling Bradford. Graduate members—Augustus Peabody Gardner, William Allen Brooks, Jr., Louis Frothingham.

MR. LEHMAN TO COACH.

It was authoritatively announced last Monday that Mr. R. C. Lehman, the coach of the champion Leander crew of Henley who was invited to coach the Harvard crew next spring, had accepted the invitation. He sailed from England on the steamer Majestic yesterday (Nov. 4.) and is expected to be installed at Cambridge by the end of next week. Mr. Lehman will be a guest of the Hon. Francis Peabody, Jr., during his visit to Harvard, which is one purely of love.

The changes in stroke, likely to be effected by Mr. Lehman, are the introduction of a longer body swing and oars, a longer reach in the stroke, narrower blades, less slide of the seats and more back and arm work. It will be a hard task for Mr. Lehman to inaugurate all these changes in such an old rowing institution as Harvard, and get things running satisfactorily in one short season, but it is nevertheless expected that he will turn out a better crew than any college of America has yet done.

AT PRINCETON.

The enrollment at Princeton this year is given by the Alumni Princetonian as follows: Academic—Seniors, 131; Juniors, 116; Sophomore, 126; Freshmen, 151. Scientific—Electrical Engineers, 10; Seniors, 51; Juniors, 75; Sophomores, 89; Freshmen, 85; Special Students, 80. These numbers are constantly changing as new men are entering every day. The graduate students have not all registered, but it is expected that when the list is finally made out there will be a great increase over previous years.

The Ardsley Casino has set November 7th, as the date on which Harvard, Yale, Columbia and Princeton should play for the Cup which it has offered, but as the Harvard-Princeton football game takes place on that day, the Princeton management is trying to arrange to play at some other time, and it is probable that November 14th or 28th will be the date determined upon.

The Stinnecke Prize at Princeton for the best examination passed in Greek and Latin by a Sophomore has been awarded to Richard Webster, '99. The prize is awarded only once in three years and has an annual value of \$300 for the remaining three years of the winner's college course.

University Mock Presidential Ballot.

During the last week the Yale Daily News conducted a mock ballot for the President and Vice-president of the United States in all the different departments of the University. The polls remained open from Tuesday morning, October 27 until six o'clock on the following day. The ballots contained places for the name and class of the voter, and the state from which he came. The object of the ballot was to ascertain the sentiment of the University on the political situation, and the states were recorded in order to ascertain how the different localities of the country were represented on the various tickets.

The result of the ballot was announced on Thursday, October 29, as follows: McKinley and Hobart, 1,512; Palmer and Buckner, 181; Bryan and Sewall, 136; Levering and Johnson, 14; and Bryan and Watson, 2.

The University was well represented in the vote, 69 per cent. of the greatest possible number of votes, being cast. Of all the states, Oklahoma, and Wyoming were the only ones carried by Bryan, there being but one vote from Oklahoma, and two from Wyoming. McKinley carried all the rest except seven, two of which went for Palmer and Buckner, the remaining five being tied. The largest vote for McKinley was cast by Connecticut, for Palmer and Buckner by New York and for Bryan and Sewall by Connecticut.

Mock ballots for the President and Vice-president of the United States have also been held by the other colleges. The result of the ballot at Harvard has already been published in the Weekly. At Brown, McKinley received 372 votes out of a total of 475, Bryan and Sewall coming second with 65 votes. At Dartmouth 381 votes, out of 439 cast, were polled for the Republican ticket and at Tufts the same party won by 170 votes out of 206 cast. In the two latter cases Palmer and Buckner took the second place.

Yale Gymnastic Association.

The management of the Yale Gymnastic Association has recently written a letter to Princeton with regard to organizing a meet or gymnastic exhibition to be held some time, probably in March. An effort was also made to arrange a meet with a team from Columbia, at which an exhibition of the regular gymnastic events should be given. This attempt failed, however, inasmuch as Columbia has no gymnastic team this year, but is confining her efforts to the training of the track and bicycle teams.

For the last two years joint exhibitions with Princeton have been held, and the men representing Yale in these exhibitions were allowed the privilege of wearing a "Y. G. A." emblem on their shirts. This custom will also be continued this year. The association has decided to adopt the schedule of former years and to hold two meets in New Haven at which its own members will compete in the various events for the college championship. The competitor who wins in these events will obtain the college championship and will also receive a University "Y." The events will be as follows: Rope climbing, long horse, parallel bars and horizontal bars. To those winning first and second place cups will be awarded.

The officers of the association this year are: Captain, F. R. Lehlbach, '97; president, E. T. Ware, '97; vice-president, T. A. Lehlbach, '98; secretary, N. U. Ely, '98; treasurer, R. G. D. Douglass, '98.

HOTEL MAJESTIC

NEW HAVEN, CONN.

AN ENTIRELY NEW PALATIAL HOUSE.

American Plan, \$3.00 per day and up. 200 Rooms, single and en suite. Forty-six Private Bath Rooms. Specially equipped for Yale Guests. Cuisine unsurpassed. Metropolitan service.

WHAT IS**X-ODE****INHALER ?**

X-ODE is a product of electricity. It forms on asbestos while being electrically treated in a solution. This asbestos is put up in a glass vial. When the cork of the vial is removed and the air comes in contact with the asbestos, it emits from the inhaler a soothing gaseous substance, which will penetrate any part of the body. When inhaled through the nose or mouth, it penetrates every nook and crevice of the mucous surfaces, kills the germ that causes the disease, and gives the tissues a healthy condition, thus effecting a permanent cure. It is unlike snuff, drugs or medicine. X-Ode penetrates parts that it would be impossible for drugs or medicines to do.

Catarrh, Asthma, Hay Fever, Coughs, Headache, Bronchitis, LaGrippe, etc., yield to its influence with marvelous rapidity.

This inhaler lasts from one to three years.
Trial size inhaler, 15 cents; large size inhaler, \$1.00. All druggists or by mail.
