

NEWS FROM OTHER COLLEGES.

HARVARD.

This year's Hasty Pudding play has been as much of a success as any of its predecessors. "The Flying Dutchman" is more of a burlesque than the production last year and contains more local hits. All the parts are well taken, Schurz, Woodruff, Stone and Rust being especially good. Among the specialties introduced in the third act is an exceedingly clever burlesque on "Secret Service" by H. Woodruff, '98, and H. Schurz, '97.

It is reported that Graub, the star mile-runner will not compete in the Harvard-University of Pennsylvania dual games on May 9.

Harvard's new shell from Webb has just arrived at Cambridge. The boat is 64 feet long, 22 inches wide, 10 or 14-2 inches deep, the last measurement being from the top of the wash-streak. It weighs 236 pounds and is one foot longer than last year's boat. The shell is built of American cedar and is very strong and substantial, having been built to suit a crew averaging 176 pounds. Instead of the ordinary leathers, shoes are to be bolted on the footboards. It is expected that this will give the men a firmer hold, and will prevent blistering of the feet.

OTHER NOTES.

The Senior dance at Princeton will be held on May 4. The committee in charge are: B. H. Thompson, Chairman; Brokaw, Hagemeyer, Dickinson, Lowe, McNish, Garrett and Hitzrot.

J. V. Crum, the crack amateur sprinter, died in Des Moines, Iowa, Monday, May 3.

The Michigan State Senate has passed a bill to suppress glove contests and foot ball.

Calendar of Important Events.

The following is a list of the leading events which are to occur in the University world between now and Commencement:

Monday, May 17—Examination for the Woolsey Scholarship. Examination for the Winthrop prizes, Class of 1898.

Wednesday, May 19—Anniversary exercises in the Divinity School.

Monday, May 24—Omega Lambda Chi Procession.

Tuesday, May 25—Announcement of elections to Junior Societies.

Thursday, May 27—Announcement of elections to Senior Societies.

Monday, May 31—Exercises for the end of the term in the School of the Fine Arts.

Friday, June 25—Speaking for the De Forest Prize medal, awarded annually to the member of the Senior Class who shall write and pronounce an English oration in the best manner.

Saturday, June 26—Scientific School Class Day exercises, 10 a. m. Reading of Class Histories; 4-6 p. m., reception to the graduates, under-graduates and their friends in Winchester Hall.

Sunday, June 27—Baccalaureate sermon, delivered by President Dwight, in Battell Chapel.

Monday, June 28—College Class Day exercises. 11 a. m., presentation exercises of the graduating class of College, with the Class oration and poem in Battell Chapel; 2 p. m., reading of the Class Histories in the College Square, followed by the planting of the Class Ivy; 9 p. m., Promenade Concert of the Senior Class in Alumni Hall.

Anniversary exercises in the Law School. 1 p. m., annual meeting of the Alumni Association in the Law School building, where luncheon will be served. The alumni will march in procession thence to the College Street Hall, where the Townsend prize speaking will take place, followed by an address to the Graduating Classes, to be delivered by the Hon. John M. Harlan, Associate Justice of the United States Supreme Court. There will also be an innovation, a Doctor's Oration to be delivered by T. Masao, of Japan.

Tuesday, June 29—Anniversary meeting of the various classes which hold reunions at different times throughout the day.

Anniversary exercises in the Medical School.

Wednesday, June 30.—Commencement.

Thursday, July 1.—Examinations for admission begin.

At the regular monthly meeting of the Graduates Club held last Tuesday evening, the following men received elections to non-resident membership: Charles H. Terry, '72, B.A., and Joseph B. Hone, '95, of Rochester, N. Y.

Medical School Appointments.

Three more members of the Senior class of the Yale Medical School have succeeded in winning interne appointments in Metropolitan hospitals. Benjamin F. Corwin, of New Haven, won second appointment at the Hospital of Charities and Correction, Blackwell's Island, the largest institution of its kind in this country. Harry L. Welch, of New Haven, won fourth appointment at the same institution; John Lee, of New Britain, won first appointment at St. Mary's Hospital, Brooklyn.

Interscholastic Tennis Tournament.

The Yale Interscholastic tennis tournament began Saturday morning, May 1, and was finished by the afternoon. Owing to the high wind the playing was greatly crippled. Rex Fincke of the Hotchkiss School won the tournament. C. H. Bradley of the Hillhouse High School won the consolation singles. The annual election of officers resulted as follows: President, C. H. Bradley, Hillhouse High School; Vice-President, D. Boardman, Hotchkiss School.

Half Raters Arrive.

The half-raters in the new fifteen-foot class of the Yale Corinthian Yacht Club arrived in New Haven last week. They are all of one design from plans by W. H. Hand, and were built by the Buzzard's Bay Yacht Agency. They are 15 feet on the water line, 21 feet, 9 inches over all, 6 feet, 3 inches beam, 6 inches draught without centerboard, and draw 3 feet 6 inches with the board down. They carry 350 square feet of canvas. They have been tried by their owners during this week, and have proved on the whole satisfactory, although the cheapness of their construction and the haste in which they were made leave many details imperfect. The boats are of the scow type, very much on the lines of the "Question." In all sixteen boats arrived. They will be raced on every Wednesday and Saturday through the term.

'98 Challenges Harvard '98.

As the Ninety-eight baseball team did not play their annual game with the Harvard Freshmen in Freshman year, it has been decided to challenge that team for a game to be played sometime during May. The challenge has been sent to C. S. Tilden, Manager of the Harvard Junior nine.

WHAT IS

X-ODE

INHALER ?

X-ODE is a product of electricity. It forms on asbestos while being electrically treated in a solution. This asbestos is put up in a glass vial. When the cork of the vial is removed and the air comes in contact with the asbestos, it emits from the inhaler a soothing gaseous substance, which will penetrate any part of the body. When inhaled through the nose or mouth, it penetrates every nook and crevice of the mucuous surfaces, kills the germ that causes the disease, and gives the tissues a healthy condition, thus effecting a permanent cure. It is unlike snuff, drugs or medicine. X-Ode penetrates parts that it would be impossible for drugs or medicines to do.

Catarrh, Asthma, Hay Fever, Coughs, Headache, Bronchitis, LaGrippe, etc., yield to its influence with marvelous rapidity.

This inhaler lasts from one to three years. Trial size inhaler, 15 cents; large size inhaler, \$1.00. All druggists or by mail.

The X-ODE CO., 19 Union Square, New York City.

"No, boys; I have not been burning the midnight oil to get all that material for my address. I have not spent hundreds for books of reference. I could not have got these up to date facts and figures in that way.

"I simply send to Romeike for Press Clippings.

"Day by day he sent me editorials and original articles collected from thousands of newspapers and periodicals which are read in his offices, and I only had to arrange the material."

ROMEIKE'S

Press Cutting Bureau

will send you all newspaper clippings which may appear about you, your friends, or any subject on which you want to be "up to date."

A large force in my New York office reads 650 daily papers and over 2,000 weeklies and magazines; in fact, every paper of importance published in the United States, for 5,000 subscribers, and through the European Bureaus, all the leading papers in the civilized globe.

Clippings found for subscribers are pasted on slips giving name and date of paper, and are mailed day by day.

Write for circulars and terms.
