A Commendable Pot-Pourri.

The thirty-second volume of the Pot-Pourri was put on sale last Monday. Several radical changes have been made in the arrangement of the contents, the most noticeable being the transferring of the University Directory to the back of the book. Another unusual feature is the use of an etching as a frontispiece, a very handsome plate of the Old Brick Row having been obtained for this purpose from the Frederick A. Stokes Company of New York. This etching is the work of R. M. Sherman, and the copies for the book are inserts, hand printed on heavy Japan parchment paper and protected by a tissue covering. Nine headings, including one for each of the departments, and one for the list of Faculty and instructors, have been executed especially for this volume by the well known New York artist, Dan Beard. There are several new cuts of undergraduate organizations and photographs of college events never before printed in the Banner or Pot-Pourri. The editors are: T. L. Clarke, '97; G. P. Day, '97, and J. P. Sawyer, '97. Although the size of the book has been considerably increased, the price will remain \$1.50 a copy, as before.

Danford Sturgis Barney, '97 S.

A meeting of the Sheff. Senior Class was held Tuesday evening, May 11, to take action on the death of Danford Sturgis Barney, '97S. The following resolutions were drawn up:
 "Whereas, it has pleased Almighty God in His infinite wisdom to remove from our midst our beloved friend and classmate, Danford Newton Sturgis Barney, and
 "Whereas, We feel that we have sustained a deep and personal loss, therefore be it
 "Resolved, That as a token of respect for his memory we wear a badge of mourning until we sever our connection with the University; and be it further
 "Resolved, That a copy of these resolutions be sent to his bereaved family and copies be inserted in the College papers.
 "Signed for the Class,
 "Burr C. Chamberlin,
 "H. M. Ingham,
 "John Jay Miller,
 "G. B. Rich, Jr.,
 "L. H. Van Every,

WHAT IS
 X-ODE
 INHALER ?

X-ODE is a product of electricity. It forms an asbestos while being electrically treated in a solution. This asbestos is put up in a glass vial. When the cork of the vial is removed and the air comes in contact with the asbestos, it emits from the inhaler a soothing gaseous substance, which will penetrate any part of the body. When inhaled through the nose or mouth, it penetrates every nook and crevice of the mucous surfaces, kills the germ that causes the disease, and gives the tissues a healthy condition, thus effecting a permanent cure. It is unlike snuff, drugs or medicine. X-ODE penetrates parts that it would be impossible for drugs or medicines to do.
 Catarrh, Asthma, Hay Fever, Coughs, Headache, Bronchitis, LaGrippe, etc., yield to its influence with marvelous rapidity.
 This inhaler lasts from one to three years.
 Trial size inhaler, 15 cents; large size inhaler, \$1.00. All druggists or by mail.

"No, boys; I have not been burning the midnight oil to get all that material for my address. I have not spent hundreds for books of reference. I could not have got these up to date facts and figures in that way.

"I simply send to Romeike for Press Clippings.

"Day by day he sent me editorials and original articles collected from thousands of newspapers and periodicals which are read in his offices, and I only had to arrange the material."

ROMEIKE'S
 Press Cutting Bureau

will send you all newspaper clippings which may appear about you, your friends, or any subject on which you want to be "up to date."

A large force in my New York office reads 650 daily papers and over 2,000 weeklies and magazines; in fact, every paper of importance published in the United States, for 5,000 subscribers, and through the European Bureaus, all the leading papers in the civilized globe.

Clippings found for subscribers are pasted on slips giving name and date of paper, and are mailed day by day.

Write for circulars and terms.
