

**ART SCHOOL PRIZE WINNERS.**

**Where They Have Studied and Their Future Plans.**

Miss Mary Foote of Guilford, Conn., is, as already announced, the winner of the William Wirt Winchester prize of \$1,500, being the income for two years of a fund of \$15,000. Competing students must have been pupils of the Yale School of Fine Arts for at least two years. This fellowship is intended to enable the successful competitor to pass two years in study abroad.

Miss Foote has studied in the Hartford High School, from which place she entered the Art School. She has completed the course of three years and will begin studying in Paris next Fall. Her work at the Art School, has been extremely satisfactory, showing her to be a student, who was thoroughly interested in art.

The Alice Kimball English Prize, which was won by Miss Mildred Jordan of New Haven, is the income from a fund of one thousand dollars, awarded annually to one pupil taking the regular course of study in the professional department of the School, under such conditions as the Faculty may prescribe.

Miss Jordan has been at the Art School for three years, during which time she has devoted herself entirely to this work. She expects to take up miniature work especially next Fall, and to continue studying at the School.

Miss Helen Elizabeth Booth, of New Haven, the winner of the Anatomical Prize, has just completed her first year at the Art School. She is a graduate of Miss Cady's School, and was at Vassar College a year. It is her intention to complete the required course and to continue her work, which has been so successful up to the present time, after graduation.

The Ethel Child Walker Prize, which was awarded to Miss Ethel Wells Bennett of New Haven, is the income from a fund of two hundred dollars. It is awarded annually, under certain conditions, to the most deserving pupil in the professional department. Miss Bennett is a graduate of one of the private schools of New Haven, and has prepared for her work at the Art School under Miss Thompson, who is a graduate of the Yale School of Fine Arts. She has studied a great deal, and is devoting herself to painting. Miss Bennett has just completed her first year at the Art School, and expects to finish the course of study.

**New England Tennis Tournament.**

The annual tennis tournament for the championship of New England began at the courts of the New Haven Lawn Club on Tuesday, May 25, and continued for one week. Mr. A. E. Foote, '96, who is the present holder of the cup, was unable to compete, and the winner of the tournament will hold the cup for the next year. Mr. Joseph T. Whittelsey, '67S., Secretary of the National Lawn Tennis Association, acted as referee. Several Yale men entered, of whom C. P. Dodge, '99; G. P. Sheldon, 1900; R. Hooker, '99, and H. H. Hackett, 1900, showed up particularly well. The tournament was finally won by Mr. Driscoll of Georgetown University, who played Mr. Hooker in the finals.

The doubles in the New England Tennis Tournament were completed June 8, R. Hooker, '99 and C. P. Dodge, '99 defeating S. M. Hawley, '99 and G. P. Sheldon, 1900, in the final round, by a score of, 6-2, 6-0. Rain prevented the third set, but as the tournament had already been considerably delayed by postponement, it was mutually agreed that two sets out of three should decide.

**June "Lit." Contents.**

**WHAT IS X-ODE INHALER ?**

X-ODE is a product of electricity. It forms on asbestos while being electrically treated in a solution. This asbestos is put up in a glass vial. When the cork of the vial is removed and the air comes in contact with the asbestos, it emits from the inhaler a soothing gaseous substance, which will penetrate any part of the body. When inhaled through the nose or mouth, it penetrates every nook and crevice of the mucous surfaces, kills the germ that causes the disease, and gives the tissues a healthy condition, thus effecting a permanent cure. It is unlike snuff, drugs or medicine. X-ODE penetrates parts that it would be impossible for drugs or medicines to do.

Catarh, Asthma, Hay Fever, Coughs, Headache, Bronchitis, LaGrippe, etc., yield to its influence with marvelous rapidity.  
This inhaler lasts from one to three years.  
Trial size inhaler, 15 cents; large size inhaler, \$1.00. All druggists or by mail.
