Obituary.

ERNEST WALKER, '98.

Ernest Walker, '98, of New York City, died of Hodgkin's disease at the Infirmary Wednesday morning, February 9. Since the opening of College this Fall, Mr. Walker was in poor health, but was not taken seriously ill until about nine days prior to his death, when he developed swellings of the lymphatic glands, and his case was diagnosed by Dr. Leonard W. Bacon as Hodgkin's disease. The funeral took place February 12, from the Woodlawn Cemetery Chapel. The Senior class was represented by six of his most intimate friends, who acted as honorary pall-bearers.

Mr. Walker was twenty-one years old, and prepared for Yale at the Columbia Grammar School, New York City. Since entering College he had identified himself with the work at the East Street Mission, where he was a great favorite.

The members of the Senior class met in Dwight Hall Thursday morning, and decided to wear a badge of mourning for thirty days; a committee was appointed which should draft and send a letter of sympathy to his family.

Pittsburgh Association.

The Yale Alumni Association of Pittsburgh held their annual meeting at the University Club in the city of Pittsburgh January 13th, 1898. There was a very large attendance of alumni. After the election of officers and business meeting a very enjoyable smoker was held, at which speeches were made by the newly elected officers and by the Hon. Oliver P. Scaife, Jr., L.S. '89.

The Association is contemplating some celebration in a worthy manner of the 200th anniversary of the founding of Yale College. The graduates of Yale who live in Pittsburgh are always very enthusiastic.

The following is a list of the officers, who were elected to serve for two years:

- President, Albert H. Childs, '61;
- Vice-Presidents, Henry R. Ewing, '81; O. D. Thompson, '79; Treasurer, Kier Mitchell, '83; Secretary, Harry W. McIntosh, '92 L.S.;
- Executive Committee, Albert York Smith, '75; Starling W. Childs, '91; S. W. B. Moorhead, '91; Frank F. Brooks, '96 S.;
- Harry D. McCandless, '97 S.

"Yale Review" for February.

The Family's Point of View.

If you are thirty-five years old and are in good health, and are earning \$100 a month, your life, on which this earning depends, is worth \$22,700 in cash to-day to your family. If you die they lose the \$100 a month, the equivalent of which is the \$22,700. The cash value of your life to them is therefore \$22,700. They lose that if you die.

You have made your family dependent on you: dependent on that \$100 a month. You have put them at the risk of losing it by losing you.

If you had a piece of property which was bringing you in \$100 a month and it stood a chance of being destroyed and so cutting off your income, you would not rest until you had taken enough of that \$100 a month and insured yourself against the loss of it. You would consider that you had not done your duty by yourself until you had so protected yourself effectually.

Your life is just such a piece of property to your family: you have made it so. They need just that same effectual protection against its loss which may come any day. And they cannot protect themselves. They rely on you for that as much as they do for the \$100 a month itself. They need protection against that loss even more than you need protection against the loss of your property. But they cannot have it unless you give it to them.

You have exposed them to the loss: you have made them dependent on you: you alone can protect them in their dependence.

THE CONNECTICUT MUTUAL LIFE INSURANCE COMPANY

Makes its plans from the family's point of view: to give them the most absolute protection, at the least cost to you and with perfect equity to both. It will be glad to serve you and your family in this great matter.
