

DUNHAM CLUB CREW.

Plan to Improve Scrub Crew Rowing—Outlined.

Encouraged by the success of the scrub crews of the past two years, the Dunham Boat Club has begun to lay plans for their development into feeders for the University crew, something after the manner pursued by the Weld Club of Harvard. The first scrub crew, which went on the water three years ago, rowed for the exercise and enjoyment there was to be had out of it. A rival almost immediately appeared and naturally a contest followed, which was so close and exciting, the time for the mile being something under ten minutes, that the onlookers were excited into starting eights of their own. In three years these crews grew from two to fifteen and it required two afternoons of racing in the last Spring regatta to decide the winner.

But, although almost 150 men were brought into some kind of training and were undoubtedly benefited by the exercise, the quality of the oarsmanship on the average was not high, and in the estimation of some good judges did more harm than good as far as the development of University material was concerned. Faults were learned, it was said, through the want of a coach, or through a coach who didn't know how to teach the stroke, which would be almost impossible to eradicate.

THE NEW PLAN.

The plan of the Dunham Boat Club for the coming season is to have, as before, crews formed from the dormitories, as many as can be gotten together, under a captain who has had some experience in rowing. These will row in the tanks as soon as the University and Freshman squads have gone to the harbor, and will preserve a mild kind of training. When work is begun in the barges the best men of the scrub crews will be gathered together under the name of the Dunham Crew squad, and will be given a chance to row on the Dunham Crew under the instruction of a coach appointed by the University Captain. If they are found inefficient they will be returned to the crews from which they were taken and new promising men taken on. In the class races the Dunham Crew will compete and later will enter the Harlem River Regatta in June, where its chief competitor will be the Weld Club Crew of Harvard.

On the Harbor.

The candidates for the University Crew rowed on the harbor on Saturday, a week earlier than the first outside work last year. Pair oars and two barges were used. The first crew rowed in the following order: Stroke, Williams; 7, Greenleaf; 6, Olcott; 5, Griswold; 4, Flint; 3, Niedecken; 2, Wickes; bow, R. M. Patterson. The second crew: stroke, Cameron; 7, Auchincloss; 6, Stillman; 5, Brown; 4, Gillett; 3, Cross; 2, Thomas; bow, Waterman.

Harbor work will continue at intervals when the weather permits. A re-

duction has been made in the candidates, who now number thirty-three. At present writing Dr. J. A. Hartwell is expected on Wednesday to assist in the coaching.

The candidates for the Freshman Crew continue their daily practice in the tanks. The squad has been reduced again and now includes about forty-five. H. S. Hooker, 1900, has been appointed temporary Captain.

Bicycle Squad Soon Begins.

In a few days Captain Laurance Tweedy, '99, will issue his call for the bicycle team and the men will be put at work in the Gymnasium till the roads get fit for riding. George H. Collett, the amateur champion rider in the mile event, will assist Captain Tweedy in his work. There is some good material in the College and the chances for a good team are promising.

Yale Wins Championship.

The Yale Hockey team won the Intercollegiate championship on Friday evening, Feb. 3, by defeating the Brown University Hockey team by the score of 4 to 3, at the St. Nicholas Rink in New York. The league included Yale, Columbia, Pennsylvania and Brown, and though some hard-fought matches were played Yale won by a comfortable margin in each case. Later in the season Yale will meet Harvard at the same game, but neither the time nor the place has been fixed upon.

In Friday night's game the first score was made five minutes after play began by Stoddard and Palmer. Brown strengthened her defense greatly and it required 18 minutes hard work before the next point was scored against them, this time by Stoddard unaided. In the second half the same play again got the puck through the Brown's goal. At this the latter's players began a plucky up-hill fight and with only three minutes of play tied the score. Stoddard saved the day for Yale by scoring the winning goal within a minute of the time limit.

Freshman Baseball Candidates.

About sixty men handed in their names on Tuesday, January 31, as candidates for the Freshman baseball team. Regular work will be begun on February 13th. The names and positions are as follows:

Pitchers—R. M. Simonds, 1902; J. S. Garvan, 1902; C. S. Baer, 1902; W. N. Connor, 1901 S.; L. B. Hall, 1902; H. L. Dixon, 1901 S.; P. J. Gibson, 1901 S.; F. T. Mason, 1902; M. Silverman, 1901 S.

Over two hundred track candidates are in training, the largest number in the history of Yale athletics. A correct and classified list is being prepared by Trainer Copeland.

CONSTITUTION AMENDMENTS.

Meeting of I. A. A. on February 25 Will Be Important.

The annual meeting of the Intercollegiate Athletic Association will be held in New York on February 25. Gustavus T. Kirby, Chairman of the Advisory Committee, has announced a number of amendments to the constitution and by-laws to be submitted at that time. The other members of the Advisory Committee are, James M. Magee, Yale; Murdock Kendrick, University of Pennsylvania; Wendell Baker, Harvard; and Oliver Shiras, of Cornell.

The principal amendments have been framed with a view of removing the objectionable features which have characterized some meets of the Association. They involve, among other measures, the appointment of a faculty committee in accordance with the following proposed addition to the section on management:

"The President of the Association, immediately after his election, shall appoint a faculty committee of four, a member being designated from its faculty by each of the four universities or colleges making the highest scores in points at the previous annual field meeting."

Other important amendments are the following:

"No student shall represent a college or university at the annual meeting who is not a student for a degree, or taking a special or partial course that requires an amount of work regarded by the college authorities as equivalent to the work required by a student for a degree."

"No one shall represent any college or university at the annual meeting who has been dropped from his class into a lower class or from a first-year class out of his college or university, or who, not being in good standing in one department, has been transferred to another, until he shall have completed one calendar year's work and passed satisfactory examinations thereon, or has been permitted by his college or university to regain his class or department from which he was dropped or transferred."

These amendments will doubtless receive the unanimous support of the advisory committee and will be adopted in turn by the Association.

HARVARD'S AMENDMENTS.

In addition Captain Roche of the Harvard Track Team has sent a letter to Secretary Barringer, announcing that Harvard will offer two amendments to the Constitution at the meeting of the Association. They are as follows:

"No delegate shall represent a university or college at the annual meeting, unless he is a student in attendance at the university; but an alumnus, ex-member or graduate, may be called in for advice by a two-thirds vote of the association."

"A student shall be allowed to compete at the intercollegiate meeting four times, and no more. This applies to all departments, Medical School, Law School, Academic, etc. If a student has represented one college in any intercollegiate track meeting of any sort and has won a point, meaning first, second or third place in any event, he shall not be eligible to represent any other college he may hereafter attend in the intercollegiate meeting. This amendment not to be retroactive, but affecting only those who enter college after the date of the adoption of this amendment."

Intercollegiate Bicycle Ass'n.

Within a fortnight a meeting will be held at which a constitution and by-laws for the Intercollegiate Bicycle Association will be adopted. This is in accordance with the plan adopted at the last meeting of the Intercollegiate Athletic Association, at which it was decided that the bicycle races should be held this year under the auspices of a separate organization. J. T. Williams of Columbia will be Chairman of the committee on organization and will be assisted by either Manager H. T. Bowles, '99, or Captain L. Tweedy, '99, of Yale, and a representative from Harvard.

The English Square

The phrase is historical—at least if

you substitute British for English.

Its present use, however, is to describe the new tie, which is running the Ascot out of the market. Some of the designs are stunning. Send for a few samples.

Penn. and Yale Exhibition.

A joint exhibition of the Yale and University of Pennsylvania gymnastic teams was held at the Academy of Music in Philadelphia on Saturday evening, February 4th. No decision was rendered. A large audience was present and music was played between events.

The Yale team was made up of the following men: R. G. Clapp, '99 S.; L. H. Schutte, '99; A. H. Sharpe, M.S.; W. K. Shepard, P.G.; A. H. Terry, '99; E. L. Eliason, 1901; G. H. Whipple, 1900; W. S. Otis, 1900; M. J. Whitley, 1901 S.

The following men composed the Pennsylvania team: Hand balancing on ladder, McCowen; tight-rope walking, Weaver; juggling, Gibbons; double trapeze, Gordon and Taylor; tumbling, Williams, Gengenbalt and Gordon; horizontal bar, Stephens, Crane, McCowen, Williams and Staat; parallel bars, Stephens, Crane, McCowen, Williams, Staat and Gengenbalt; fencing, Geer and Lane; ladder pyramid by the entire team.

The events entered by the Yale team were as follows: Horizontal bar, Eliason, Whipple, Schutte, Otis, Clapp and Sharpe; parallel-bar, Whipple, Schutte, Otis, Eliason, Terry and Clapp; side-horse, Shepard, Terry, Otis, Whipple, Eliason and Clapp; tumbling, Otis, Eliason, Whitley, Terry, Sharpe, Whipple, Clapp, Shepard; rings, Otis, Shepard, Schutte, Eliason, Whipple and Clapp; club-swinging, Clapp; torch-swinging, Clapp.

Baseball Players Out.

Nearly sixty candidates responded to the call of Captain deSaulles, for candidates for the University Baseball Nine on Monday afternoon. From present indications it would appear as though in all positions but the battery, Yale might have a strong team. A good battery, too, may be developed, but, as for several years past, Yale has not been fortunate in finding stars in the Freshman class in the box or at the plate. The list of candidates with their positions were not complete enough to print when the WEEKLY went to press.

The Winter Pull.

The long term is on. These are working days. But Knox hats are good working day hats—stiff or soft, caps or derbies. Knox business or negligee hats are as good as Knox dress hats.
