

YALE TAKES FIRST.

Shut Princeton Out at Yale Field—Robertson's Great Work.

The first of the championship games with Princeton was played at Yale Field, Saturday, June 3, and was won easily by Yale by the score of 8 to 0. Robertson was in the box for Yale and gave an exhibition of pitching rarely seen at the Field. During the entire nine innings he gave not a base on balls and held the heavy Princeton batters down without a hit. Wear also did great work in the outfield, making in one instance a difficult running catch of what seemed to be a sure home-run drive. Princeton in the first four innings failed to get a man to first. In the fifth Camp's poor throw gave one man the chance to reach there, and in the sixth another error and a fine backward catch of a foul fly by Sullivan allowed Greene to get to second, only to have his hopes of scoring dashed by Wear's catch of Kafer's liner. In the seventh also Princeton got two men to bases, making a total of four men on bases during the entire game.

The team behind Robertson played like clock-work, taking everything, hard or easy, and giving Robertson practically perfect support. Sullivan was in magnificent form, taking tips from the bat and high fouls with equal ease. He also led in batting with a triple and a single. The tabulated score will show how well the other men played their positions.

Hillebrand was in the box for Princeton and had an off-day, lacking both speed and control. Behind him his team played a game that would have won in an ordinary game. But it was noticed that they were slower and covered less ground than the Yale men.

Arthur Foote Champion.

The New England Championship Tennis Tournament which was held at the New Haven Lawn Club courts Tuesday, May 23d, and the remainder of the week, was completely monopolized by Yale men, graduates and undergraduates. Special interest was lent to the tournament by the reappearance on the courts of "Rob" and Ford Huntington, '91, and Arthur E. Foote, '96. The Huntingtons were unable to get back into their old-time form, but Foote had better luck and his game showed the same pluck and persistence which had twice won him the championship, with the result that won it once again and secured for him permanent possession of the big challenge bowl. Davidson, of Washington, came fresh from his victory for the Southern championship, bringing with him his partner Paret, and these two were picked as prominent candidates. But Dodge, '99 disposed of Paret easily, and Davidson was defeated by Hooker, '99. Foote and Dodge were drawn in opposite halves and after Foote had defeated Henderson, '99, Noyes, '99, Hackett, 1900, and Hooker, '99 and Dodge had defeated Murphy, P. G. Lynn, 1900 S., Paret and "Rob" Huntington, they met in the final round with the result given. The match was an exhibition of steady and sandy tennis on the part of both men.

Hackett, 1900 and Allen, 1900 S., who will be the only members of last year's team left to represent Yale in the Intercollegiate in the Fall, did not make a good showing in the singles. In the doubles, however, they did well, playing together in faultless style. They defeated Dodge, '99 and Noyes, '99 in the finals in a close fought match.

The consolation singles were won by G. H. Nettleton, '96 and the consolation doubles by G. H. Nettleton, '96 and N. A. Smyth, '97.

Yale Wins Bicycle Meet.

The first annual championship meet of the Intercollegiate Bicycle Racing Association was held at Berkeley Oval, New York City, Saturday, June 3. The Yale team of eight men captured first place and the championship cup with ease, scoring 21 points to Princeton's 14. Georgetown was third with 6 points and Cornell fourth with 3 points and Pennsylvania 1 point. Columbia, Swarthmore and Syracuse also entered teams, but failed to secure a place in the finals.

Eight universities were represented in the meet, with forty-five individual entries. Of the five events on the program the Yale riders carried off two first—the half-mile and the tandem races—and were placed in all the other events. One intercollegiate record was broken, that of 31½ seconds for the quarter mile formerly held by L. E. Dannemiller of Georgetown. Bert Ripley, the Captain of the Princeton team and one of the fastest riders on any college track, won this event in the fast time of 30¼ seconds.

In accordance with the rules recently passed by the Athletic Financial Union all the men who scored points will be given "Y's." The following men will receive this honor: Captain Laurance Tweedy, '99; M. Moore, 1902; E. W. Farley, 1901 S.; L. H. Strouse, 1900 S.; E. A. Strong, 1900 S.; W. J. Ehrlich, 1900 S.; and S. H. Stone, 1902.

At the annual banquet of the team held directly after the races at the Murray Hill Hotel, Edwin Allen Strong, 1900 S., of Hartford, Conn., was unanimously elected Captain for the coming year. At the same time a handsome silver loving cup was presented the present Captain Laurance Tweedy, '99.

Etching of President Dwight.

An etching of President Dwight, by Mr. James S. King, has just been published by Charles Barmore of New York, who is particularly known for his publications of the etchings of distinguished men, including such subjects as Lincoln, Rufus Choate, Webster,

Grant and Clay. He has recently published etchings by this same artist, Mr. King, of Chancellor James Kent, the Honorable Ashbel Greene and the Honorable James C. Carter. Mr. King's work has been particularly although not exclusively in portraits. His work has put him in the front rank of American etchers and the critics have rated some of his etchings as equal to the work of Rojan and Waltner. Mr. King received his manual and technical training in work with the American Bank Note Co., and then studied under Bonat and Gérome.

The portrait of President Dwight, which he has just finished, is a very strong likeness and is certainly carefully studied. It shows the president with a little sterner expression than most people see in him and from that standpoint might strike an observer as a little hard. In other respects it is very satisfactory. It is certainly fortunate that such a piece of work has been done at this time when the President is closing his long term of service. Since the last administration has been so peculiarly, the administration of President Dwight and of him alone, an artistic likeness of him will be cherished by a great many Yale men as the best representation and recollection of this era of University history.

Knickerbocker A. C. Games.

The annual athletic carnival of the Knickerbocker Athletic Club, which usually brings together some of the best amateur talent in the country, was held on the Knickerbocker Field at Bergen Point, New York, on Memorial Day. Yale was represented by a team of twelve men, each one of whom captured a point, while the banner offered to the club scoring the highest number of points was also carried off by the team. The feature of the day was a mile relay race between the University of Pennsylvania team and that of Yale, which was won handily by the latter in 3 minutes 24½ seconds, ½ seconds faster than the time made at Philadelphia on May 13.

Yale was placed in the events as follows: Half-mile, scratch—J. P. Adams, 1900, second. 120 yard hurdle, handicap—J. J. Peter, 1900 S., second, 6 yards. Mile run, handicap—H. P. Smith, 1900, first, 32 yards; C. B. Spitzer, '99, second, 25 yards; C. K. Palmer, '99 S., third, 25 yards; time, 4 minutes 24½ seconds. Pole vault, handicap—R. G. Clapp, '99 S., first, from scratch; W. E. Selin, P.G., and B. Johnson, 1900, tied for third. Shot put, scratch—R. Sheldon, ex-'98 S., first with a throw of 46 feet, which is within a foot of the American amateur record. Mile relay—T. R. Fisher, Jr.,

'99 S., Captain; D. Boardman, 1902; C. Dupee, 1901; and C. F. Luce, 1900; first. Time, first quarter, 50¾ seconds; second quarter, 50¾ seconds; third quarter, 51¾ seconds; fourth quarter, 51¾ seconds; total, 3 minutes 24¾ seconds.

College Crew Victorious.

In a two-mile straightway over the Severn River, Saturday, May 27, the Yale College Crew easily outrowed the United States Naval Academy Eight by four lengths. The College boat covered the course in 10 minutes and 28 seconds with the Cadets 11½ sec. behind. The time of the University of Pennsylvania crew which defeated Annapolis on May 20 was 11 minutes 13 seconds, and that of the Columbia eight the week before 12 minutes 48 seconds.

The race was begun at 3 p. m. on the outside course. Both crews took the water well at the start and got away together. With a long steady stroke of about 34 the College boat went to the front and steadily increased their lead to the finish.

The order of the two crews was as follows:

Yale—Stroke, Alexander Cameron, Jr., 1901; 7, Paul L. Mitchell, 1901; 6, Herman P. Olcott, 1901; 5, John W. Cross, 1900; 4, John P. Brock, 1900; 3, Hugh Auchincloss, 1901; 2, James C. Greenway, 1900, Captain; bow, Robert L. Atkinson, 1901; coxswain, G. P. Chittenden, 1901.

Annapolis—Stroke, Timmons; 7, Gannon, Captain; 6, Fremont; 5, Williams; 4, Hutchins; 3, Horning; 2, Freyer; bow, Parker; coxswain, Gingham.

NEW HAVEN IN SUMMER

Is a very nice stopping place. The College is closed but all the buildings can be seen, and quite as well as in term time. The elms are here, the parks and drives still invite, and the cool shores, east and west, are as refreshing as ever.

As you pass to and fro between your home and Maine or Canada, bide a wee at the upper corner of the Green—Moseley's New Haven House.

Made in a Second. You only need Hot Water. We prepare Coffee in concentrated forms for **Canoists, Campers, Travelers, Students, Midnight Lunches,** Cottagers at the sea shore and in the mountains. Saves work. Cheaper than coffee made in ordinary way.

Coffee Jell for Black Coffee! One Teaspoonful will make 6 cups.
Coffee Jell Tablets. Can be carried in pocket. A tablet makes 3 cups of very strong, clear black coffee. Dissolved in mouth gives all the stimulant of coffee.

Royal Mo-Ko. A combination of sugar, cream and Coffee. Will not distress the weakest stomachs. Better than cocoa at night. Can be mixed with either hot or cold water, or milk.

Jav-a-Cho. Requires no milk or sugar. Possesses a flavor superior to any coffee or cocoa. One teaspoonful makes a cup.
