

Insured for a Quarter of a Million Dollars

A Pennsylvania Capitalist has just taken out a 5% Gold Bond Policy in The Prudential for that amount, paying an annual premium of \$18,270. The settlements under the contract are unique, the heirs having the choice of two options:

First—\$304,250 in gold; or Second—the Company to issue to the heirs \$250,000 in bonds of \$1,000 each, on which 5% interest in gold is guaranteed annually for twenty years by The Prudential, at the end of which time, the Company pays \$250,000 in gold as a final settlement, making, in all, half a million dollars paid by the Company.

This policy is issued in amounts from \$5,000 up. It is worth examining, and full particulars will gladly be sent on request.
